ΔΗΜΟΣ ΑΘΗΝΑΙΩΝ
ΧΡΙΣΤΟΥΓΕΝΝΑ - ΠΡΩΤΟΧΡΟΝΙΑ '13-'14

Dear friends,

Athens is celebrating Christmas. Despite the financial crisis that our country is undergoing, Athens remains strong and alive. Athens becomes the city of children, enchanting fairytales and fascinating games. This Christmas, the city of solidarity, the city of common effort, the city of active citizens is celebrating in a different way. Athens, full of optimism, is sending a message of hope to the whole world.

The City of Athens has prepared a program of high quality, rich in imagination, attractive for both children and adults. Many original events will give life to the center of the city by revealing the multicultural character of Athens, its tradition but also the city's European identity.

We are not seeking to impress people in an easy, meaningless way; we did not spend a lot of money in vain. Our purpose is to show that true emotions, kindness, solidarity and the Joy of Christmas have nothing to do with extravagances and are not related to the waste of money.

This year, children and the history of their toys and games as well as the music of people from all over the world are playing the leading part. Carols, percussion instruments, modern and traditional melodies, flamenco and clarinets, swing and serenades, string quartets and popular songs performed by the City of Athens Philharmonic and Symphony Orchestras as well as the City of Athens Choir together with more than 150 artists will "take over" the streets and neighborhoods of Athens with their excellent music.

Athens is celebrating and our mood is changing by playing!

Art exhibitions, old collectible toys, theatrical performances, interactive puppet theater, rare collection exhibits, video and shadow theater, electronic games, narration of Christmas fairy tales and well-known story tellers. At Syntagma Square as well as at Klafthmonos, Omonia and Kotzia squares, at the Metro Stations, at the Friendship clubs, the 14 Cultural Centers of the City of Athens and the Central Municipal Library, on the streets and in the neighbourhoods but also at the playgrounds, the City lives and discovers once again the joy of playing.

Celebration unites people no matter their age, race or religion. No one should be left alone, let us all be there; above all, our fellow citizens who are facing serious problems of poverty. The social services of the City of Athens will be constantly on their side in order to help them also during Christmas and the New Year's Celebration.

Athens will be illuminated and Syntagma Square will be decorated with the traditional Greek symbol of Christmas, the ship. Big, bright and colorful ornaments will be visible night and day! Theatrical performances, various events, music bands, bazaars, art exhibitions, street artists, story tellers, they all lead to the great appointment on the New Year's Eve at Thisseion in order to welcome the New Year; so that we can all together move on to the next day! With determination, hope, optimism and good mood!

Merry Christmas and Happy New Year!

Yiorgos Kaminis
Mayor of the City of Athens
