SOLIDARITY HUB

Dear fellow citizens,

The Athens we envision is a city that embraces all its people—without discrimination, without exclusion, leaving no one behind.

At the heart of this vision lie the social services of our City: solidarity, care, and support facilities that operate daily with dedication and dignity to relieve, empower, and assist our most vulnerable residents.

Since the beginning of 2024, we have intensified our efforts to improve our infrastructure and services. Among other initiatives, we have reopened the **Job Center** - an important institution providing **employment counseling and access to the labor market** for vulnerable groups - and ensured the continued operation of the **Shelter for Women Victims of Violence and their Children**, as well as the **Center for Combating Gender-Based Violence**.

In addition, we have upgraded **two more Health Centers** into Integrated Municipal Health Centers, while **33,000 residents** trusted our **seven in total City Clinics** with **193,000 visits** in total.

The brochure you hold in your hands is a small guide to the great efforts made every day. We want every resident of this city to know that all of us who work in the City's social services we **STAND BY YOU**, offering solutions and hope.

For us, social policy is not peripheral. It is a **pillar of culture and social cohesion**, the very essence of a human, modern, and European city.

Haris Doukas
Mayor of Athens
